TRUCK LOG / WINDOWS SERVICE TEST

EAST GATE

This sheet belongs at the East Gate printer only.

Expected destination:

`\\USFTWPLVPS03\USFTWP_E_Gate_Pass`

Service: TruckLogPrintAgent

Windows host: USFTWLDAPP

Service account: LocalSystem / S-1-5-18

Release: V4R7 dual-printer service

This is a setup test, not a truck visit or a SAP document.

Confirm the physical location before enabling RXO jobs.

A successful program exit alone does not confirm paper came out.
Do not confirm a test delivered to the other gate.

One setup sheet per gate. No automatic reprint after an uncertain outcome.
